

King's Foundation: Iowa's Values

REP. STEVE KING IS NOT AFRAID TO FIGHT FOR TAXPAYERS.

Rep. King would eliminate costly provisions in President Obama's health care plan, ban union "salting" abuse, **repeal the Davis-Bacon Act**, and prohibit anti-competitive and wasteful government-mandated project labor agreements (PLA) on federal and federally assisted construction contracts.

He votes to **oppose laws written by Big Labor's lobbyists** and passed by their cronies in Congress when they increase the federal deficit and are rife with waste, fraud and abuse.

In short, King votes for Iowa's values.

Vote for Steve King on Nov. 6!
